About the Mental Health Services Directory

The Coalition for Immigrant Mental Health has individually contacted each of these organizations to confirm the services listed and their costs and requirements. You do not have to disclose any immigration information to anyone while seeking mental health services. What's more, except in certain very limited circumstances, Illinois and federal law prevents clinicians from sharing any mental health record with anyone without your written consent. While this database is updated frequently to reflect changes, there is a possibility that the information listed is not up to date. For more information, you can visit:

<https://www.illinoislegalaid.org/legal-information/confidentiality-mental-and-developmental-disabilities>

<http://www.apa.org/helpcenter/confidentiality.aspx>

La Coalición por la Salud Mental Inmigrante ha contactado cada una de estas organizaciones para confirmar los servicios incluidos, requisitos, y precios. No es necesario de proveer datos personales sobre su situación de inmigración mientras pida servicios de salud mental. Las leyes de Illinois y al nivel federal prohíben a los clínicos compartir archivos de salud mental con otros sin su permiso en escrito. Aunque este directorio es actualizado frecuentemente, hay una posibilidad que alguna información no sea actual. Para más información, puede consultar (en inglés):

<https://www.illinoislegalaid.org/legal-information/confidentiality-mental-and-developmental-disabilities>

<http://www.apa.org/helpcenter/confidentiality.aspx>
