**THE ILLINOIS COALITION FOR IMMIGRANT AND
REFUGEE RIGHTS, SUMMER 2016**

CONSOLIDATED SCHOLARSHIP AND RESOURCE GUIDE FOR IMMIGRANT STUDENTS

ICIRR, SUMMER 2016

INTRODUCTION TO THE SCHOLARSHIP GUIDE

Approximately 1.6 million undocumented students under the age of 18 are currently living in the United States, 65,000 of who will graduate each year from high school (Passel, 2003). Access to higher education is an issue that continues to plague students, parents, high school counselors and college admission officers. Unfortunately, confusion exists not only with regard to whether colleges may admit undocumented students but also what type of financial aid, if any, can be offered. As a result, high school counselors are often unsure how to best guide undocumented students because many are unaware of the options available. It is uncertain how many undocumented students attend college after high school. Of those who have lived in the U.S. for at least 5 years the figure is estimated to be 5 to 10 percent (National Immigration Law Center, 2009).

No federal or state law prohibits colleges and universities from admitting undocumented students. However, undocumented students are not eligible to receive federal or state aid. Undocumented students may be eligible to receive privately funded merit scholarships or grant aid. Illinois, which passed House Bill 60 in 2003 (now known as Public Act 93-0007) is one of at least eighteen states that have extended in-state tuition rates to undocumented

HIGHER EDUCATION IS POSSIBLE FOR ALL

While immigrant and undocumented students may face numerous and significant obstacles to obtaining a college degree, certain scholarships, resources, and organizations can help them reach their dreams. Below you will find a guide designed to connect you with people and organizations geared to help you succeed.

students. This law permits undocumented students to pay in-state tuition rates at all public colleges and universities provided they meet the following requirements:

- (1) The individual resided with his or her parent or guardian while attending a public or private high school in Illinois.
- (2) The individual graduated from a public or private high school or received the equivalent of a high school diploma in Illinois.
- (3) The individual attended school in Illinois for at least 3 years as of the date the individual graduated from high school or received the equivalent of a high school diploma.
- (4) In the case of an individual who is not a citizen or a permanent resident of the United States, the individual provides the University with an affidavit stating that the individual will file an application to become a permanent resident of the United States at the earliest opportunity the individual is eligible to do so.

II. QUESTIONS TO ASK WHEN.....

RESEARCHING COLLEGES AND DEVELOPING A LIST

- Are there any state laws that bar undocumented students from public colleges or universities?
- Does the college or university admit undocumented students?
- Does the university require students to submit a social security number and proof of residency?
- Is there a point person in admissions that the student/counselor can contact with questions?
- Are other undocumented students enrolled in the college/university?
- Does the institution have a policy regarding whether or not it will report undocumented students?
- Will the institution consider undocumented students for institutional or private aid?
- Is an undocumented student eligible for merit aid?
- Does the institution offer any special scholarships for international students? Can undocumented students apply for these scholarships?

COMPLETING APPLICATIONS

- Does the application ask for a social security number?
- If a student does not have a social security number should the student use zeroes or leave it blank?
- Does the application have an appropriate “box” for an undocumented student on the section that asks about citizenship?
- If a student does not/cannot answer all of the questions on the online application, will it be submitted or do they need to complete a paper application?
- Can a student submit an on-line application if they are using a fee waiver?

APPLYING FOR FINANCIAL AID AND SCHOLARSHIPS

- Does the institution require all applicants, even those who are undocumented, to complete a FAFSA in order to be considered for private or institutional scholarships?
- Will the institution accept the College Board CSS Profile or an institutional form in place of the FAFSA?
- What other forms must students complete?

CONSIDERING MAJORS

- Does the major require a background check?
- Does the major lead to certification or state licensure for which an undocumented student would be ineligible?
- Are advisors and career development staff aware of these requirements?
